PRODUCT FLAT

Check Carbonator Plug / Circuit Breaker

Fill Ice Bin & Tap Down Ice

Check Primary Pressure / Change Tank When Less Than 400PSI

With Electrical Cooling, Clear Air Flow Restriction

If your soda water is flat:
#1 BE SURE YOU HAVE ICE ON
OUR COLD PLATE;

#2 THEN PLEASE CHECK YOUR CO2 GAS TANKS

- * IF YOU FIND ONE GAS TANK IN THE RED (EMPTY) FOLLOW THE LINE FROM THE GAUGE TO THE CHANGEOVER VALVE.
- * TURN THE HANDLE ON THE CHANGEOVER VALVE FROM THE EMPTY TANK TO THE FULL TANK.
- * AFTER CHANGING TANKS YOU WILL HAVE TO RUN OFF SODA WATER UNTIL CARBONATIONED SODA WATER RETURNS.
